Organization Name: null

Comment: The appraisal limits should not only be increased from the \$250,000 to a more logical level, they should also be increased each year in relationship to some sort of inflation measure so as to keep up with price appreciation.

The appraisal limits should not only be increased from the \$250,000 to a more logical level, they should also be increased each year in relationship to some sort of inflation measure so as to keep up with price appreciation.
